

What we are doing

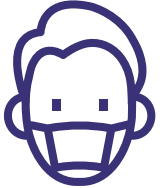

CLEANING AND SANITIZATION

We have daily cleaning practices throughout our office and are ensuring high touch surfaces are routinely cleaned and sanitized. NSCN has sourced supplies needed to maintain the health and well-being of those in our office space.

HAND HYGIENE

Our welcome area includes hand sanitizer for the convenience of guests and staff. We ask that you please use the hand sanitizer when entering our space.

PHYSICAL DISTANCING

NSCN continues to follow recommendations from Public Health and as of phase 3 of Nova Scotia's reopening plan, physical distancing is no longer required in the NSCN office and in the building's common areas, including washrooms and elevators.

FACE MASKS

NSCN strongly recommends that all staff continue to wear a mask within the NSCN office. NSCN will provide disposable masks to staff if needed.

APPROVED CLEANING SUPPLIES

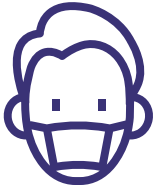

All cleaning supplies used by NSCN comply with guidelines established by the Public Health Agency of Canada (PHAC).

DAILY HEALTH ASSESSMENTS

Staff will assess their health on a daily basis before coming to the NSCN office to help reduce the risk and spread of COVID-19.
